

Dosch 3D: Building Details 3D-models for architects and building designers

(January 31, 2008)

Dosch Design releases a unique collection of 3D-models for architects, engineers and interior designers. The product DOSCH 3D: Building Details contains 100 very detailed and fully textured 3D-models of important building details for interior and exterior visualizations.

The variety of 3D-objects includes doors (hinged, revolving, sliding), stair-cases, heating units, lighting elements, electric outlets and switches, as well as external installations like solar panel, satellite dish, TV-antenna, chimney and security gates for retail business, banks, and many more.

The completely textured 3D-models are provided in multiple file formats: 3DS, 3dsmax (version 8 and above), Lightwave (version 6 and above), Maya (version 5 and above), OBJ, VRML and Cinema 4D (version 8 and above).

The product is compatible with Windows and MAC computers and is priced at 179.00 USD / 119.00 EUR.
