

## **DOSCH DESIGN – again sponsor partner at the animago AWARD & CONFERENCE in Potsdam**

(July 4th 2013) Imaginative fireworks – On 24th and 25th October 2013, the animago AWARD & CONFERENCE will once again be displaying inspirational work at the highest technical level, and the Metropolis Hall at Filmpark Potsdam-Babelsberg will again be completely devoted to animation, visual effects, visualisation, interactive and game projects.

The highlight is the award ceremony for the animago AWARD in eleven categories on the Thursday evening. DOSCH DESIGN is this year again sponsor partner for the category “Best Visualisation”. “animago AWARD & CONFERENCE is a firm fixture in our annual calendar. It is an ideal opportunity to exchange information and ideas with top-class companies and individuals from the digital world. We look forward to being a part of this event again this year as well as being able to honour the *Best Visualisation* as the sponsor. This category brings together everything that epitomises craftsmanship in our industry: the perfect illustration of complex processes or themes using digital means. DOSCH DESIGN uses its product range to support the work of designers, so we are highly capable of assessing to what extent technical expertise and an eye for detail are required when carry out these seemingly simple tasks. We have been impressed by the high standard of entries over recent years and we can’t wait to see the nominations in 2013,” says Sebastian Dosch, CEO at DOSCH DESIGN.
